The Insurer shall not be liable to pay any Loss:

A. Bodily Injury and Property Damage. For bodily injury, sickness, disease, mental anguish or death of any person, or for physical damage to or destruction of tangible property, other than mental anguish or emotional distress alleged in a Claim arising from a Privacy Event.

B. Contractual Liability. Based upon, arising out of or attributable to any liability of the Insured assumed under any contract or agreement, including any indemnity, hold harmless or warranty; provided that this Exclusion shall not apply to (1) liability that the Insured would have had in the absence of such contract or agreement; (2) the Insured's contractual obligation to maintain the confidentiality or security of Personal Information; (3) Incident Response Costs; or (4) amounts payable under a merchant services agreement as a result of a Privacy Event involving payment card data.

C. Prior Known Circumstances. D. Failure to Maintain Security. Arising out of the Insured's failure to apply, within forty-five (45) days after it was made available by the manufacturer, a security patch or update rated "critical" by the manufacturer to the Insured's Computer System, where such failure was known to a member of the Control Group before the Incident. This Exclusion applies solely to the Insured's Computer System and shall not apply to any Service Provider's Computer System or to Loss arising from a Dependent Business Incident or a Privacy Event involving Personal Information in the care, custody or control of a Service Provider.

E. War and Infrastructure. Arising out of war, invasion, acts of foreign enemies, hostilities or warlike operations (whether war is declared or not), civil war or rebellion, or any failure of a power, water, telecommunications or internet infrastructure not under the control of the Insured or a Service Provider; provided that this Exclusion shall not apply to a cyber act by a non-state actor.

F. Intentional Acts. Arising out of any dishonest, fraudulent, criminal or malicious act or omission, or any knowing violation of law, committed by a member of the Control Group, as established by a final, non-appealable adjudication.

G. Antitrust and Unfair Trade. Arising out of any antitrust violation, price fixing or restraint of trade.

H. Securities. Arising out of any violation of any securities law.

I. Patent and Trade Secret. Arising out of the infringement of any patent or the misappropriation of any trade secret.

J. Unsolicited Communications. Arising out of any unsolicited telephone call, text message, facsimile or email, including under the Telephone Consumer Protection Act.

K. Governmental Seizure. Arising out of the confiscation, nationalization or destruction of any Computer System by order of any governmental authority.

L. Service Credits and Contractual Penalties. For any service credit, liquidated damages or contractual penalty, or the return or reduction of fees, owed by the Insured to any person under contract.

SECTION IV — LIMITS OF LIABILITY AND RETENTION

A. Policy Aggregate Limit. The Policy Aggregate Limit of Liability in Item 3 of the Declarations is the maximum the Insurer shall pay for all Loss under all Insuring Agreements combined, regardless of the number of Incidents, Claims or Insureds.

B. Insuring Agreement Limits and Sublimits. The Limit of Liability for each Insuring Agreement, and each sublimit, is the maximum the Insurer shall pay for all Loss under that Insuring Agreement or sublimit, and is part of and not in addition to the Policy Aggregate Limit of Liability. The sublimit for Notification and Credit Monitoring Costs is the maximum the Insurer shall pay for all Notification Costs and Credit Monitoring Costs combined under Insuring Agreement A. The sublimit for Regulatory Fines and Penalties is the maximum the Insurer shall pay for all Regulatory Fines and Penalties under Insuring Agreement C.

C. Retention. The Insurer's obligation to pay Loss applies only in excess of the Retention, which the Insured shall bear uninsured. A single Retention applies to all Loss arising out of the same Incident or Related Incidents. Where Loss arising from one Incident is covered under more than one Insuring Agreement, only the single highest applicable Retention applies.

D. Related Incidents. All Related Incidents are a single Incident, Discovered when the first of them is Discovered, and all Claims arising from Related Incidents are a single Claim first made when the first of them is made.

Fictional test document - EchoMind synthetic set

E. Allocation. Where Loss arising from a single Incident is covered under more than one Insuring Agreement, the Insured and the Insurer shall allocate the Loss to the Insuring Agreement under which it is covered by its nature, and each amount allocated shall be subject to the Limit and any sublimit of that Insuring Agreement. Incident Response Costs shall be allocated to Insuring Agreement A whether the Incident occurred on the Insured's Computer System or on a Service Provider's Computer System.

F. Business Interruption Measurement. Business Interruption Loss and Dependent Business Loss shall be determined having regard to the experience of the business before the interruption and its probable experience had no interruption occurred, and shall be reduced to the extent the Insured is able to resume operations or recover delayed revenue.

SECTION V — NOTICE AND CLAIM CONDITIONS

A. Notice of Claim or Incident. As a condition precedent to coverage under this Policy, the Insured shall give written notice to the Insurer of any Claim or Incident as soon as practicable, and in no event later than sixty (60) days after the Insured's Chief Information Security Officer or General Counsel first becomes aware of such Claim or Incident. Notice shall be given to the address in Item 7 of the Declarations and shall include a description of the Claim or Incident, the date of Discovery, the persons and data involved, and the Insured's estimate of the Loss, so far as then known. The 24-hour incident hotline is provided for assistance only; a call to the hotline does not constitute notice under this Section V.A.

B. Notice of Circumstances. If during the Policy Period the Insured first becomes aware of circumstances that could reasonably be expected to give rise to a Claim and gives written notice to the Insurer of those circumstances, including the reasons for anticipating a Claim and full particulars of dates, persons and entities involved, then any Claim subsequently arising from those circumstances shall be deemed first made during the Policy Period.

C. Consent; Incident Response Providers. The Insured shall not incur any Incident Response Costs, Defense Costs or Extortion Loss, admit liability, or make any settlement offer, without the Insurer's prior written consent, which shall not be unreasonably withheld or delayed; provided that Incident Response Costs incurred within thirty (30) days after the Incident is first Discovered shall not require prior consent if they are otherwise reasonable and necessary and are promptly reported to the Insurer. The Insurer maintains a panel of breach counsel and forensic firms; the Insured may retain a firm not on the panel with the Insurer's consent, and the Insurer may limit reimbursement to the hourly rates it pays its panel providers for comparable services.

D. Proof of Loss. For Business Interruption Loss and Dependent Business Loss, the Insured shall submit a sworn proof of loss, with supporting documents, within six (6) months after the end of the Period of Restoration.

E. Cooperation. The Insured shall cooperate with the Insurer in the investigation and adjustment of any Incident and the defense of any Claim, and shall provide such information, documents and access to personnel and forensic reports as the Insurer reasonably requests, subject to the preservation of privilege where the Insurer and the Insured so agree.

F. Mitigation. The Insured shall take all reasonable steps to mitigate Loss following the Discovery of an Incident.

SECTION VI — DEFENSE AND SETTLEMENT

A. Duty to Defend. The Insurer has the right and duty to defend any Claim covered under Insuring Agreement B or C, even if the allegations are groundless, false or fraudulent. The Insurer shall appoint

Fictional test document - EchoMind synthetic set

counsel, in consultation with the Insured.

B. Settlement. The Insurer shall not settle any Claim without the Insured's consent. If the Insured refuses to consent to a settlement recommended by the Insurer and acceptable to the claimant, the Insurer's liability for that Claim shall not exceed the amount of the proposed settlement plus Defense Costs incurred up to the date of refusal, plus seventy percent (70%) of Loss incurred thereafter.

C. Exhaustion. The Insurer's duty to defend and to pay Loss ends upon exhaustion of the applicable Limit of Liability.

SECTION VII — GENERAL CONDITIONS

A. Subrogation. In the event of any payment under this Policy, the Insurer shall be subrogated to all of the Insured's rights of recovery against any person or organization, including any Service Provider, and the Insured shall execute all documents and do everything necessary to secure those rights. After an Incident, the Insured shall do nothing to prejudice those rights, and shall not release, waive or compromise any right of recovery against a Service Provider without the Insurer's prior written consent. A written waiver or limitation of the Insured's rights against a Service Provider agreed in a contract entered into before the Incident does not breach this condition. Any recovery shall be applied first to reimburse the Insured for any Loss in excess of the Limit of Liability, then to the Insurer, and then to the Retention.

B. Other Insurance. This Policy is excess over any other valid and collectible insurance, including any insurance maintained by a Service Provider under which the Insured is entitled to coverage, unless such other insurance is written specifically excess of this Policy.

C. Cancellation. The Named Insured may cancel this Policy by written notice to the Insurer. The Insurer may cancel this Policy only for non-payment of premium, as provided in Endorsement No. 1.

D. Territory. This Policy applies to Incidents and Claims anywhere in the world, subject to Endorsement No. 2.

E. Assignment. No assignment of interest under this Policy shall bind the Insurer without its written consent.

F. Representations. The Insureds represent that the statements in the Application are true and accurate. The Application is deemed attached to and forms part of this Policy.

G. Action Against the Insurer. No action shall lie against the Insurer unless the Insured has complied with all terms of this Policy, subject to Endorsement No. 1.

H. Bankruptcy. The bankruptcy or insolvency of an Insured shall not relieve the Insurer of its obligations under this Policy.

I. Changes. Notice to any agent or knowledge possessed by any person shall not effect a waiver or change in any part of this Policy. This Policy may be changed only by endorsement issued by the Insurer.

J. Headings. Section titles and headings are for convenience only and do not affect the meaning of the Policy.

K. Named Insured as Agent. The Named Insured shall act on behalf of all Insureds with respect to notice, premium, cancellation and the receipt of return premium.

L. Conformity to Statute. Any term of this Policy that conflicts with the law of the state in which this Policy is issued is amended to conform to that law.

IN WITNESS WHEREOF, the Insurer has caused this Policy to be signed by its President and Secretary, but it shall not be valid unless countersigned on the Declarations by an authorized representative of the Insurer.
